

Welcome to Camp Boggy Creek!

Camp Boggy Creek is a FREE year-round medically-safe camp for children with serious medical illnesses. When your child comes to Camp Boggy Creek, they will embark on a life-changing experience which builds resilience and long-lasting friendships, while having the time of their life.

My first visit to Boggy Creek helped me so much because until then I had never been with kids with the same disease. This was the first time I had ever been away from home. Everyone was so wonderful, and I had so much fun that I didn't want to leave.
