Featuring:
Doug "Danger"
Senecal

When you think of the word daredevil, the name that is synonymous with long-range motorcycle jumping is Doug Danger. Doug "Danger" Senecal has demonstrated his old school daredevilry skills by jumping over a L-1011 jumbo jet, 14 school buses, and 18 tractor-trailers for a world record. He has earned a Guinness World Record with a jump over 42 cars and the Triple Crown for holding the 125 cc, 250 cc and 500 cc world records at the same time. Doug has toured the United States, Puerto Rico, Canada and Australia. In addition to long-range jumping, Doug has successfully performed double jumps and crisscross jumps. In 2015, Doug had the honor of jumping Evel Knievel's Harley Davidson XR 750 over 22 cars for the Harley Davidson world record. Just this past August, Doug jumped over a 100-foot pit of live rattlesnakes; again on Evel Knievel's Harley proving that you don't get older, you get better. Doug believes you are never too old to be what you should have been.

Just when Doug thought his story would be complete as a world record motorcycle jumper, he was diagnosed with Stage IV tonsil cancer and given three to six months to live. Presented with the reality that only 5% of people survive, Doug knew that he was a five percenter and told his doctors, "Let's go! I'm a daredevil. What percentage of people do that?" Throughout chemotherapy and extensive radiation treatment, Doug kept one dream alive, to get back to jumping. He booked shows and continued right through treatment.

As a motivational speaker, Doug captures the attention of people of all ages. His dynamic presentation is filled with triumphs, battles, and the constant desire to be the best and always **Live Life Full Throttle**.
