*Grace Van Patten*

Grace Van Patten has already established herself as one of the most impressive young actresses with a wide array of critically acclaimed performances for film, television, and the stage. In 2017, Van Patten was named one of Variety's "10 Actors to Watch" for her performance in Noah Baumbach's *THE MEYEROWITZ STORIES* opposite Ben Stiller, Adam Sandler, Dustin Hoffman and Emma Thompson.

Van Patten will next be seen starring in David E. Kelley's highly anticipated limited series, *NINE PERFECT STRANGERS*, based on Liane Moriarty's acclaimed novel. Co-written by Kelley, John Henry Butterworth and Samantha Strauss and produced by Nicole Kidman, *NINE PERFECT STRANGERS* takes place at a boutique health-and-wellness resort that promises healing and transformation as nine stressed city dwellers try to get on a path to a better way of living. The series, which also stars Nicole Kidman and Melissa McCarthy, will be released on Hulu on August 18th. Van Patten will also soon be seen in Karen Ciorre's independent feature *MAYDAY*, which premiered at the 2021 Sundance Film Festival and will be released on October 1st.

The actress recently landed the coveted lead role of Lucy Albright in Hulu's book-to-series adaptation, *TELL ME LIES*. Produced by Emma Roberts and based on Carola Lovering's novel of the same name.
